Generation (The Imitation Series, Book 3) Heather Hildenbrand
After months of pretending to be Raven Rogen, Ven feels less like a clone and more like a human than ever. But when Raven's father, Titus—the same man who engineered Ven—discovers her plan to escape, everything she's worked so hard for is taken away in one explosive moment.

Now she's imprisoned in Twig City, the secret warehouse where she grew up. She spends her days plotting ways to get back to the outside world, determined to topple Titus's empire and free every last Imitation. But Titus's reach is extensive and his plans are more deadly than she realized.

In the shocking conclusion to the *Imitation* series, one wrong move could mean the end for Ven and everyone she's come to love.
