Stephanus Junius Brutus

Vindiciae, contra tyrannos: or, Concerning the Legitimate Power of a Prince over the People, and of the People over a Prince (Cambridge Texts in the History) Stephanus Junius Brutus
The Vindiciae, contra tyrannos was the most infamous of the monarchomach treatises produced during the French wars of religion. This edition presents the first complete and accurate English translation of the work, a comprehensive apparatus, and an introduction that provides the first detailed analysis of the argument and also reconsiders the much-disputed question of authorship. It will be of interest to a wide range of scholars working on the history of political thought and early modern Europe.
