Aries (Sun Sign Series) Joanna Martine Woolfolk
Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called *This Is My Life*. In this drama, you are the starring actor—and your sign is the character you play.

This elegant little volume is packed with what your Sun sign tells you about *you*. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.
