Matter: Properties of Liquids And Solids Natalie Regier
Matter does matter! Discover the many similarities and differences in properties of matter, changes of state, and how matter can look and feel. Students investigate states of matter, learning that it exists in both solid and liquid forms. An engaging array of activities combined with interesting worksheets reinforces key concepts as they apply to daily life. We offer plenty of hands-on experiments exploring atoms, molecules, metal and non-metal elements, and physical and chemical changes in matter.
