The Advantage

The Advantage Patrick M. Lencioni
This is the promise of The Advantage, Patrick Lencionis bold manifesto about the most unexploited opportunity in modern business. In his immensely readable and accessible style, Lencioni makes the case that there is no better way to achieve profound improvement in an organization than by attacking the root causes of dysfunction, politics and confusion. While too many leaders are still limiting their search for advantage to conventional and largely exhausted areas like marketing, strategy and technology. Lencioni demonstrates that there is an untapped gold mine sitting right beneath them. Instead of trying to become smarter, he asserts that leaders and organizations need to shift their focus to becoming healthier, allowing them to tap into the more-than-sufficient intelligence and expertise they already have.
