Kuang-Hua Chang

Design Theory and Methods using CAD/CAE: The Computer Aided Engineering Design Series
Kuang-Hua Chang

The fourth book of a four-part series, *Design Theory and Methods using CAD/CAE* integrates discussion of modern engineering design principles, advanced design tools, and industrial design practices throughout the design process. This is the first book to integrate discussion of computer design tools throughout the design process. Through this book series, the reader will:

- Understand basic design principles and all digital modern engineering design paradigms
- Understand CAD/CAE/CAM tools available for various design related tasks
- Understand how to put an integrated system together to conduct All Digital Design (ADD) product design using the paradigms and tools
- Understand industrial practices in employing ADD virtual engineering design and tools for product development

- The first book to integrate discussion of computer design tools throughout the design process
- Demonstrates how to define a meaningful design problem and conduct systematic design using computer-based tools that will lead to a better, improved design
- Fosters confidence and competency to compete in industry, especially in high-tech companies and design departments

From reader reviews:

Zachary Mason:

Have you spare time to get a day? What do you do when you have far more or little spare time? Yes, you can choose the suitable activity regarding spend your time. Any person spent their spare time to take a go walking, shopping, or went to often the Mall. How about open or even read a book titled Design Theory and Methods using CAD/CAE: The Computer Aided Engineering Design Series? Maybe it is being best activity for you. You understand beside you can spend your time with your favorite's book, you can smarter than before. Do you agree with its opinion or you have some other opinion?

Kerri Goodman:

Information is provisions for anyone to get better life, information nowadays can get by anyone with everywhere. The information can be a understanding or any news even restricted. What people must be consider while those information which is from the former life are challenging to be find than now's taking seriously which one is appropriate to believe or which one the particular resource are convinced. If you get the unstable resource then you have it as your main information you will have huge disadvantage for you. All those possibilities will not happen with you if you take Design Theory and Methods using CAD/CAE: The Computer Aided Engineering Design Series as the daily resource information.

Eric Vegas:

The book Design Theory and Methods using CAD/CAE: The Computer Aided Engineering Design Series has a lot info on it. So when you check out this book you can get a lot of benefit. The book was published by the very famous author. The author makes some research previous to write this book. This particular book very easy to read you can get the point easily after reading this book.

Helen Samuel:

Guide is one of source of information. We can add our information from it. Not only for students but native or citizen want book to know the update information of year in order to year. As we know those ebooks have many advantages. Beside many of us add our knowledge, also can bring us to around the world. By book Design Theory and Methods using CAD/CAE: The Computer Aided Engineering Design Series we can acquire more advantage. Don't someone to be creative people? To become creative person must choose to read a book. Merely choose the best book that acceptable with your aim. Don't become doubt to change your life with that book Design Theory and Methods using CAD/CAE: The Computer Aided Engineering Design Series. You can more attractive than now.
