Learning to Teach

Richard Arends

Learning to Teach Richard Arends
This best-selling text provides comprehensive coverage of general teaching methods and models. The most balanced text in its field, *Learning to Teach* strikes a harmony by integrating researched-based practices with practical consideration and opportunity for real-world application. The text provides strong coverage of both teacher-centered and student-centered models. By covering all major teaching models plus the leadership of teaching, including planning, classroom management, assessment, motivation, and management of time and space, *Learning to Teach* helps future teachers master both the theory and application of successful teaching.
