Problem Solving in Foundation Engineering using foundationPro Mohammad Yamin

This book is at once a supplement to traditional foundation engineering textbooks and an independent problem-solving learning tool. The book is written primarily for university students majoring in civil or construction engineering taking foundation analysis and design courses to encourage them to solve design problems. Its main aim is to stimulate problem solving capability and foster self-directed learning. It also explains the use of the foundationPro software, available at no cost, and includes a set of foundation engineering applications. Taking a unique approach, Dr. Yamin summarizes the general step-by-step procedure to solve various foundation engineering problems, illustrates traditional applications of these steps with longhand solutions, and presents the foundation Pro solutions. The special structure of the book allows it to be used in undergraduate and graduate foundation design and analysis courses in civil and construction engineering. The book stands as valuable resource for students, faculty and practicing professional engineers.

This book also:

- Maximizes reader understanding of the basic principles of foundation engineering: shallow foundations on homogeneous soils, single piles, single drilled shafts, and mechanically stabilized earth walls (MSE)
- Examines bearing capacity and settlement analyses of shallow foundations considering varying elastic moduli of soil and foundation rigidity, piles, and drilled shafts
- Examines internal and external stabilities of mechanically stabilized earth walls with varying horizontal spacing between reinforcing strips with depth
- Summarizes the step-by-step procedure needed to solve foundation engineering problems in an easy and systematic way including all necessary equations and charts

From reader reviews:

Josette Roscoe:

Have you spare time for just a day? What do you do when you have considerably more or little spare time? Yep, you can choose the suitable activity with regard to spend your time. Any person spent their spare time to take a stroll, shopping, or went to the particular Mall. How about open as well as read a book allowed Problem Solving in Foundation Engineering using foundationPro? Maybe it is to become best activity for you. You understand beside you can spend your time using your favorite's book, you can wiser than before. Do you agree with its opinion or you have additional opinion?

Joyce Morgan:

This Problem Solving in Foundation Engineering using foundationPro book is not really ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is definitely information inside this guide incredible fresh, you will get details which is getting deeper you actually read a lot of information you will get. This particular Problem Solving in Foundation Engineering using foundationPro without we realize teach the one who reading through it become critical in considering and analyzing. Don't become worry Problem Solving in Foundation Engineering using foundationPro can bring if you are and not make your bag space or bookshelves' come to be full because you can have it inside your lovely laptop even phone. This Problem Solving in Foundation Engineering using foundationPro having very good arrangement in word in addition to layout, so you will not experience uninterested in reading.

Melissa Broussard:

Spent a free the perfect time to be fun activity to perform! A lot of people spent their sparetime with their family, or their own friends. Usually they accomplishing activity like watching television, about to beach, or picnic inside park. They actually doing same task every week. Do you feel it? Do you wish to something different to fill your free time/ holiday? Can be reading a book is usually option to fill your totally free time/ holiday. The first thing that you'll ask may be what kinds of reserve that you should read. If you want to try look for book, may be the e-book untitled Problem Solving in Foundation Engineering using foundationPro can be good book to read. May be it may be best activity to you.

Sherry Fitzgerald:

The actual book Problem Solving in Foundation Engineering using foundationPro has a lot details on it. So when you check out this book you can get a lot of help. The book was compiled by the very famous author. Mcdougal makes some research prior to write this book. This book very easy to read you can get the point easily after scanning this book.
