Spanning almost 500 years of turmoil and triumph, each of the nearly 2,000 entries has been reviewed and updated to fully reflect the most recent advances in archaeology, historical and literary criticism, and social analysis. New entries have been added on daily life, engineering, science, law, and the role of women in Roman society, among others. Complementing these historical essays are new photographs, maps, tables, and sidebars; new reading lists for major entries; a thoroughly updated bibliography; and a revised index.
