**The Kinsey Corruption** Susan Brinkmann
Since the sexual revolution began forty years ago, morality in America has been in a state of rapid decline. In only four decades, we have gone from a country of traditional family values to a nation of widespread promiscuity, cohabitation, soaring divorce rates, and an explosion of sexual crime committed against women and children. How could things have gone so wrong so fast?

Many experts answer this question with two words: ALFRED KINSEY.

This book will expose:

* How Alfred Kinsey presented as "normal" data he collected from incarcerated sex offenders, criminals, and prostitutes.

* Which of today's popular notions about sex are based on Kinsey's flawed conclusions, such as 10 percent of the population is homosexual and sexual promiscuity is normal.

* That Kinsey engaged in criminal experimentation on children and used "data" he collected from some of the world's most notorious pedophiles to arrive at his conclusions.
