Flash Boys Michael Lewis

Four years after his #1 bestseller *The Big Short*, Michael Lewis returns to Wall Street to report on a high-tech predator stalking the equity markets.

Flash Boys is about a small group of Wall Street guys who figure out that the U.S. stock market has been rigged for the benefit of insiders and that, post–financial crisis, the markets have become not more free but less, and more controlled by the big Wall Street banks. Working at different firms, they come to this realization separately; but after they discover one another, the flash boys band together and set out to reform the financial markets. This they do by creating an exchange in which high-frequency trading?source of the most intractable problems?will have no advantage whatsoever.

The characters in *Flash Boys* are fabulous, each completely different from what you think of when you think "Wall Street guy." Several have walked away from jobs in the financial sector that paid them millions of dollars a year. From their new vantage point they investigate the big banks, the world's stock exchanges, and high-frequency trading firms as they have never been investigated, and expose the many strange new ways that Wall Street generates profits.

The light that Lewis shines into the darkest corners of the financial world may not be good for your blood pressure, because if you have any contact with the market, even a retirement account, this story is happening to you. But in the end, *Flash Boys* is an uplifting read. Here are people who have somehow preserved a moral sense in an environment where you don't get paid for that; they have perceived an institutionalized injustice and are willing to go to war to fix it.

From reader reviews:

Ann Fout:

Do you one among people who can't read satisfying if the sentence chained from the straightway, hold on guys this kind of aren't like that. This Flash Boys book is readable by you who hate the straight word style. You will find the details here are arrange for enjoyable reading experience without leaving perhaps decrease the knowledge that want to offer to you. The writer regarding Flash Boys content conveys the idea easily to understand by most people. The printed and e-book are not different in the information but it just different in the form of it. So , do you still thinking Flash Boys is not loveable to be your top listing reading book?

Mohammad Darling:

Spent a free a chance to be fun activity to complete! A lot of people spent their down time with their family, or their very own friends. Usually they carrying out activity like watching television, going to beach, or picnic inside park. They actually doing same thing every week. Do you feel it? Do you need to something different to fill your own free time/ holiday? Might be reading a book could be option to fill your free time/ holiday. The first thing that you'll ask may be what kinds of publication that you should read. If you want to try out look for book, may be the publication untitled Flash Boys can be great book to read. May be it might be best activity to you.

Marcela Beach:

Playing with family in the park, coming to see the water world or hanging out with pals is thing that usually you could have done when you have spare time, in that case why you don't try thing that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Flash Boys, you could enjoy both. It is fine combination right, you still need to miss it? What kind of hangout type is it? Oh come on its mind hangout people. What? Still don't have it, oh come on its referred to as reading friends.

Willodean Samples:

You are able to spend your free time to read this book this publication. This Flash Boys is simple to develop you can read it in the park your car, in the beach, train and also soon. If you did not possess much space to bring the printed book, you can buy the e-book. It is make you much easier to read it. You can save the actual book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.
