**Adam Smith in Beijing: Lineages of the Twenty-First Century (Chinese Edition)** A Li Ji
This is a sequel of the early two works of the author, The Long 20th Century and Complication and Management of Modern World System. It gives weight to the most two important processes decide the formation of world economy, politics and society, namely, the emergence and decline of Project for the New American Century of new conservatism and China being the leader of reviving East Asian economy. The goal of this book is to interpret the transfer of world political and economic centre from North America to East Asia by the way of economic developmental theory of Adam Smith, and then to interpret The Wealth of the Nations through this kind of transfer.
