Awakening Olivia North Hamilton Wade
Awakening Olivia North is a love story... tender, romantic, and sensual. It also says a lot about life and how we should all strive to get back to the true essence of who we are. Outwardly, Olivia North looked the happily married woman. Her children continually made her proud, and her husband had indeed provided the kind of lifestyle and financial security most women could only dream of. Few of her friends could understand what needs she may have beyond the beautiful house, the cars and the apartment on the Sunshine Coast. Yet there was something quietly missing… a sense of partnership and intimacy, and had been for a great many years. Emptiness engulfed Olivia after her youngest daughter Lucy moved out of the house to university. With no regrets or thoughts of resentment, Olivia walked away from her marriage, reaching out for emotional support from her brother, his wife, and her daughters. Olivia took stock of her financial situation, embracing an uncertain future with faith everything would fall into place. Andrew Walker proved her faith to be well founded.
