Microeconomics

Frank Cowell

Microeconomics Frank Cowell
Microeconomics covers core microeconomic principles using a clear and carefully constructed learning framework. The text provides a solid foundation in microeconomic analysis, using mathematical techniques where appropriate. Students also learn how to apply analytical techniques to a range of economic problems. The text introduces the core concepts and techniques in early chapters, and builds upon these fundamentals throughout later chapters. Each chapter contains comprehensive problem sets and exercises, enabling students to put the theories they have learned into practice. In addition, the book is supported by a companion web site containing supplementary resources for lecturers and students. For lecturers these include PowerPoint slides and answers to the book's many exercises and question sets. Features for students include PowerPoint material designed to aid understanding of graphical arguments used in the text and model answers to some of the exercises.
