Science and the Bible are good things, but in the hands of an evil genius, they are deadly weapons. He is well-known as a man of God but he is actually a mafia godfather who uses his knowledge of science and scripture to rob, rape, kidnap and kill. His name is Munokori but he calls himself The Thirteenth Disciple.

People come to Munokori to see miracles and signs of God's power and Munokori gives them what they want… for a price. With the help of criminals, he cunningly performs amazing 'miracles' to show that he is a messenger of God. He has a huge following among the poor and the uneducated. However, his religious web does not only catch the ignorant—it sometimes ensnares university graduates, prominent members of society and even celebrities.
