By Violence

John Trevena

By Violence John Trevena
For eight years or more, since I first became acquainted with the novels and tales of John Trevena it has been my firm conviction that only Thomas Hardy and George Moore among contemporary novelists rival his art at its best. Like Meredith, he has written for twenty years in obscurity, and like Meredith also he has been content with a small discriminating audience. I suppose that in 1950 our grandchildren will be electing college courses on his literary method, but meanwhile it would be more gratifying if there were even a slight public response to the quality of his individual talent.
