Job (Joy of Living Bible Studies) Ray C. Stedman, Nancy J. Collins
Surrounded by the world's widely accepted philosophies and ideas, what we often think to be reality and truth are but illusions—delusions. The 13-week Joy of Living Bible study of Job strips away those illusions—permiting us to see life as it really is—and corrects the false conclusions that our senses often bring to us. Job gives us a glimpse behind the scenes of this world and helps us understand the nature of human evil, the nature of faith, the nature of fallen man, the reasons for suffering and, most of all, the nature of our loving, compassionate God.

Joy of Living courses are suitable for both formal and informal meetings, as well as for personal study. Each lesson contains a commentary and a week's worth of personal application and study questions, leading readers to discover fresh insights into God's Word. Historical background is included.
