The Philosopher At The End Of The Universe: Philosophy Explained Through Science Fiction Films
Mark Rowlands
'It's Schopenhauer and the will. It's Plato, it's Hume, Baudrillard and the concept of the Nietzschean superman!' Keanu Reeves on *The Matrix*

The Philosopher at the End of the Universe allows anyone to understand basic philosophical concepts from the comfort of their armchair, through the plots and characters of spectacular blockbusting science-fiction movies. Learn about: The Nature of Reality from *The Matrix*; Good and Evil from *Star Wars*; Morality from *Aliens*; Personal Identity from *Total Recall*; The Mind-Body Dilemma from *Terminator*; Free Will from *Minority Report*; Death and the Meaning of Life from *Blade Runner*; and much more. As someone once said, things must be said and knowledge known, and the cast list assembled to tell us does not disappoint: Tom Cruise, Plato, Harrison Ford, Immanuel Kant, Sigourney Weaver, Friedrich Nietzsche, Keanu Reeves and Rene Descartes. From characters in the biggest films (with lots of explosions and bad language) to Ludwig Wittgenstein (no explosions and too much language in general), hear all the arguments. I think, therefore... I'll be back!
